

40" Sliding Leg C-Stand (Chrome Steel)

MU320SC0000

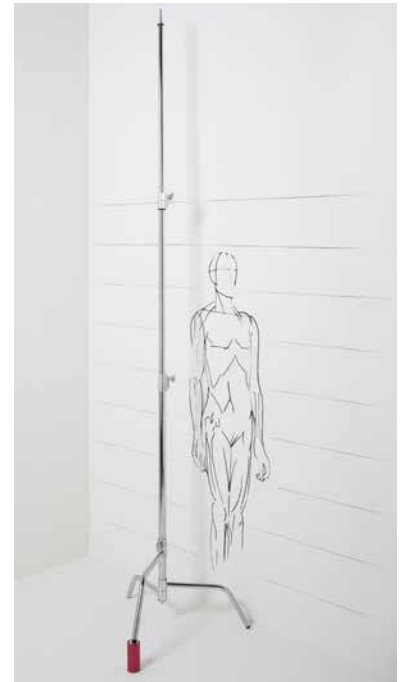

Description

The 40" Sliding Leg C-Stand (with 10' 6" or 320cm maximum extension) is designed to support scrim, flag fabric, and similar accessories used to filter and diffuse luminaires' light in the studio or on the movie set, or to support small and medium size fresnel lights.

The characteristic design, with the legs offset from the column, allows the base to be housed inside the cross of the other stands of the set, in close proximity to the latter.

The sliding leg is adjustable in height, and ensures support on staggered floors, such as curbs, stair steps, and even the surface of a table. A minimum rotation of the knob is sufficient to lock the leg.

40" Sliding Leg C-Stand is constructed entirely of steel. The legs are welded to spacers fixed to the column, instead of joined to aluminum joints, and, when closed, they align.

Features

CLOSED LENGTH	51 in (130 cm)
MINIMUM HEIGHT	53.1 in (135 cm)
MAX HEIGHT	126 in (320 cm)
LOAD AT MAXIMUM EXTENSION	22 lbs (10 kg)
WEIGHT	13 lb 11 oz (6.2 kg)
MATERIAL	Steel
COLOR FINISH	Chrome
SECTIONS	3
RISE NUMBER	2
SECTION DIAMETER	1.38/1.2/.984 in (35/30/25 mm)
LEG SHAPE	.984 in (25 mm) diameter
MAXIMUM OPENING	37.4 in (95 cm)
LEVELING LEG	Yes
SPIGOT TYPE	Type 6
WHEELS	No
AIR CUSHIONED	No
