

CANTO is the trusted name in modern follow spots. Bright, modular, and ease of use are the trademarks of this economical line of units that can go anywhere and perform multiple tasks. The Italian design is simple and elegant with ergonomic handling and easy to understand labeling. It's all-in-one ordering system guarantees that the unit is delivered with everything needed to plug the fixture into the wall and begin your show. Canto followspots are great for schools, universities, professional theater, touring and houses of worship.
